KANSYA WATI
Foot and Face Massage

VT's PADABHYANGA

Comes with unique 360 degree centered axis design, to give perfect massage.

The Easiest way to remove heat and control the vata, pitta, kapha dosha.

My self Shri Suresh Hanumant Jadhav Founder and Owner of Company i.e. Vandana Tools.

The seed of Vandana Tools was sowed on 5th Oct 2014, which is now a big tree.

The journey started in small workshop, in that workshop Engineering works were done such as, jig fixture, moulds manufacturing.

In the year 2019 one of my good friend bought a machine from Mumbai costing 45,000/- Rs, and he wondered why it is so costly ?.. So I started researching it. We succeeded and found that the machine sold for 30,000/- Rs. also be profitable, So we started gathering all the necessary raw material and manufactured our very first machine. On 15th Jan. 2020 Our first buyer were "Amrutvel Yougupchar Center" Then we started marketing our product. I'm very glad that my younger brother Shree Sachin Hanumant Jadhav stood behind as a support system with me, He supported financially. and morally, without his support it was impossible to grow Vandana tools to this height. I'm grateful to him.

In the month of January on 25th we participated in an Exhibition held in Nashik. But, we were disappointed as haven't received any response from public. At the same time I observed what exactly the demand is.. so I started working on small, handy, and affordable machine, which every common people can buy so I launched single attachment machine i.e. Kansya wati foot and face massager, it was convenient to use and handy to carry anywhere you go. and yes it was affordable for all. From 1st March 2020, we launched and started selling it, the product name is VT'S Padabhyanga, the easiest way to KANSYA WATI foot and face massage. Now we sell it on online platforms and offline too.

I'm very Lucky my younger brother Shree Sachin Hanumant Jadhav was beside me throughout my journey, and till today his supporting me, Sachin, Thank you for being my side always.

STORY OF THE NAME :

VANDANA TOOLS - My beloved mother's name is Mrs. Vandana Hanumant Jadhav. The company name is given in her name.

My hard works are dedicated to my beloved parents i.e. Mother (Aai) Sou Vandana, Father (Dada) Shri Hanumant.

And all my Family members, my wife and son, in my hard times they all stood with me and trusted me I thank everyone who stood with me and My gratitude to all.

Seeking blessings from Shri Swami Samarth.

About The Company

“ Vandana Tools is an emerging brand popular for manufacturing healthcare products. We believe in improving the quality of life through our research and development.

It all started when founder Mr. Suresh Jadhav felt the need to develop cost-effective tools and equipment. His passion for technology and customer benefit-oriented mindset led him to design and deliver some of the excellent machinery that has been helping industries and people since the last 13 years.

He is striving to support the Indian mission of "Make In India" by developing the machines that are affordable and accessible to everyone around the globe.

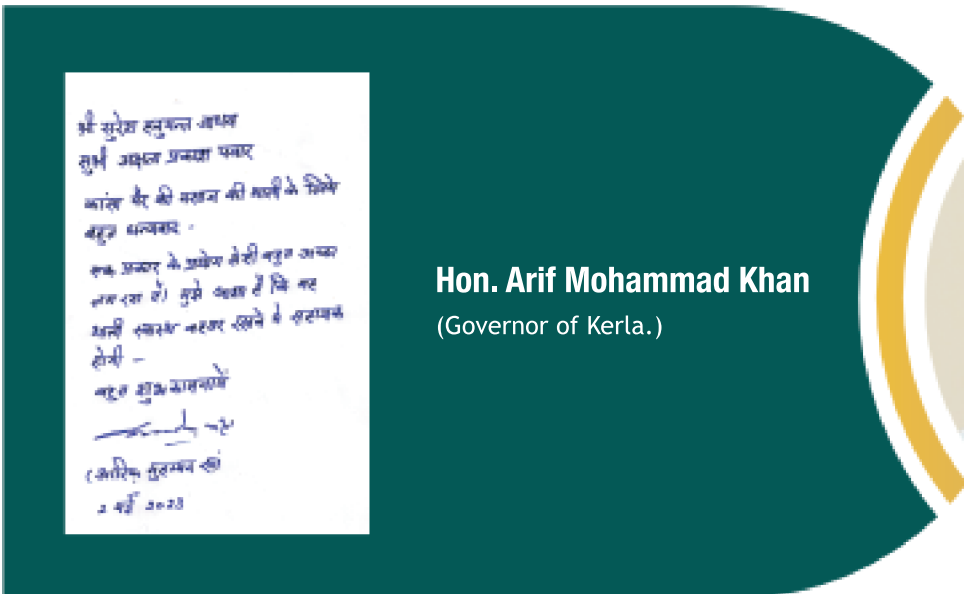

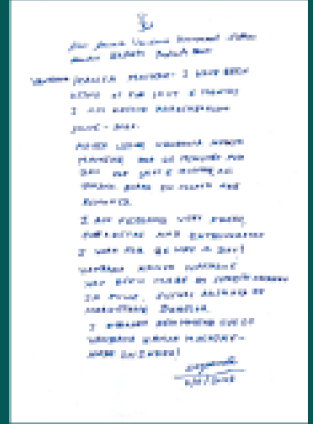

This company was founded in 2014 with his vision to automate various manual processes involved in healthcare. Vandana Tools develops products that are specifically related to massage, yoga, fitness and more which is part of Ayurveda.

We are a team of 50+ people located in Pune, Maharashtra. We are working tirelessly to fulfil the need for our products and, at the same time, putting our best efforts into bringing more such automated equipment to the market and improving the quality of life.

Why massage the soles of the feet with a Kansya Wati ?

We have a book on Ayurveda which says "Padabhyanga" in which the main treatment is rubbing cow's ghee or coconut oil on the feet with a Kansya Wati . Its benefits are as follows: -

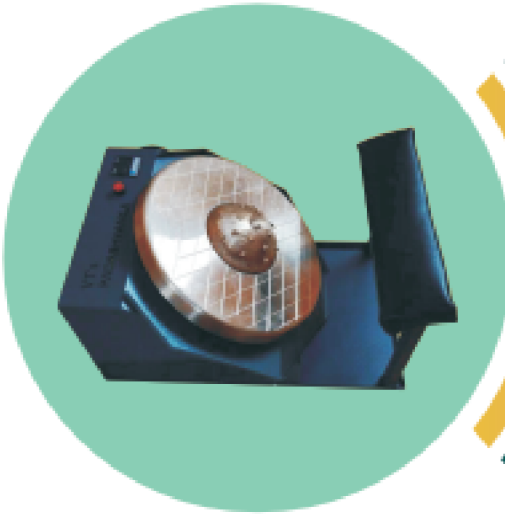

- To reduce the amount of Vata Dosha in the body
 - To reduce excess body heat
 - To stimulate the eye muscles
 - To reduce body fatigue and increase cooling
 - To reduce the foot sensation caused by diabetes
 - To control the problem of insomnia
 - To reduce bile (Pitta Dosha) problems
 - To reduce the amount of pain such as Knee pain, Heel pain, low back pain
 - To reduce foot swelling
 - To reduce the problem of cracking of the heel and burning of the feet
 - Useful on varicose veins
 - To reduce dark circles under the eyes
 - To reduce dark spots on the face
- Bhavprakash says in this book "**Kansyam Buddhivardhakam**". There is a Proverb "The fire of the soles of the feet goes to the head" and it is literally true. This treatment has been found to be very effective in reducing the symptoms of rheumatoid arthritis (Vata dosh), which is the root cause of many diseases. In the US, people are getting this treatment for a lot of money.
- There is 1 verse in Sanskrit which says
A person who massages his feet before going to bed, stays away from diseases like a snake from an eagle There are 72000 nerves in our body, most of which end in the palms of the hands and soles of the feet, so palm massage is a curative and low cost remedy for many ailments.
- Historical heritage
- Kansya (Bronze) This metal is known to give you bronze medals only with gold and silver medals. In most parts of India, it is customary to give a bowl of bronze to a girl at a wedding, but it is rarely used. Kansya is an alloy of Copper and Tin and has been used by Ayurveda for 5000 years to reduce body heat.
- In Gujarat, Kansya is used for meals, bronze is used for worship, Kansya is used for temple bells for melodious sound, and it is used to make cannons due to its hardness and non-oxidation properties. Church bells were formerly made in Russia, while cannons were made of metal in Spain and Portugal.
- " **Vatavyadhiharnam kaphaprashanam kantiprasadavahama tvagavevarnya vinashanam rucikaramam sarvanga dadharyapradama agnerdiptikarmam balopajanana prasveda medopa maham padabhyama mardanmudishanti munaya: shreshtham sada pranayama "**
- That is to say, sage Muni says that massaging the feet with oil or Ghee is kafa-nashak Provides a golden glow, brightens skin tone, brightens, strengthens, reduces fat-sweating, and is delicious.

कांसे की वाटी से पैरों के तलवों की मालिश क्यों करनी चाहीये ?

हमारे पास आयुर्वेद पर एक किताब है जो कहती है पादाभ्यंग। मुख्य उपचार गाय के घी या नारियल के तेल को एक कांसे की वाटी से पैरों पर रगड़ना है। इसके लाभ इस प्रकार हैं: -

- शरीर में वात की मात्रा को कम करने के लिए.
 - शरीर की अतिरिक्त गर्मी को कम करने के लिए.
 - आंख की मांसपेशियों को उत्तेजित करने के लिए.
 - शरीर की थकान कम करने और ठंडक बढ़ाने के लिए.
 - मधुमेह के कारण पैर की सनसनी को कम करने के लिए.
 - अनिद्रा की समस्या को नियंत्रित करने के लिए.
 - पित्त की समस्याओं को कम करने के लिए.
 - घुटनों का दर्द, एड़ी में दर्द, पीठ के निचले हिस्से में दर्द जैसे दर्द की मात्रा को कम करने के लिए.
 - पैरों की सूजन कम करने के लिए.
 - तलवों के फटने और पैरों में जलन की समस्या को कम करने के लिए.
 - वैरिकोज़ नसों पर उपयोगी.
 - आंखों के नीचे काले घेरे कम करने के लिए.
 - चेहरे पर काले धब्बे कम करने के लिए.
- भवप्रकाश इस ग्रंथ में कहते हैं कांस्यम बुद्धिवर्धकम्। एक कहावत है पैरों के तलवों की आग सिर तक जाती है और यह बिलकुल सच है। यह उपचार वातदोष के लक्षणों को कम करने में काफी कारगर पाया गया है, जो कई बीमारियों की जड़ है। संस्कृत में एक श्लोक है जो कहता है.
- जो व्यक्ति सोने से पहले अपने पैरों की मालिश करता है , बीमारियों से बच सकता है जिस तरह सांप बाज से बचता है। हमारे शरीर में ७२००० नसें हैं, जिनमें से अधिकांश हाथ की हथेलियों और पैरों के तलवों में समाप्त होती हैं, इसलिए हथेली की मालिश कई बीमारियों के लिए एक उपचारात्मक और कम लागत वाला उपाय है।
- ऐतिहासिक विरासत
कांस्य यह धातु आपको केवल स्वर्ण और रजत पदक के साथ कांस्य पदक देने के लिए जानी जाती है। भारत के ज्यादातर हिस्सों में शादी में लड़की को कांसे का कटोरा देने का रिवाज है, लेकिन इसका इस्तेमाल बहुत कम होता है। कांस्य तांबे और जस्त का मिश्र धातु है और आयुर्वेद द्वारा शरीर की गर्मी को कम करने के लिए ५००० वर्षों से इसका उपयोग किया जाता है।
- गुजरात में, कांसे का उपयोग भोजन के लिए किया जाता है, कांसे की प्लेटों का उपयोग पूजा के लिए किया जाता है, और घंटियों का उपयोग मधुर ध्वनि के लिए मंदिर की घंटियों के लिए भी किया जाता है।
इसकी कठोरता और गैर-ऑक्सीकरण गुणों के कारण धातु का उपयोग तोपों को बनाने के लिए भी किया जाता था।
चर्च की घंटियाँ पहले रूस में बनाई जाती थीं, जबकि स्पेन और पुर्तगाल में तोपों को कांसे की धातु से बनाया जाता था।
- वातव्यधीहरम कफप्रशानम कांतीप्रसादावहम त्वगवेवर्ण्य विनाशनम रुचिकरमम सर्वांग दाढर्याप्रदम आग्नेरदीप्तीकर्मम बलोपजननं प्रस्वेद मेदोप महं पदभ्याम मर्दनमुदिशनती मूनयाः श्रेष्ठम सदा प्राणायाम
- अर्थात् मुनि कहते हैं कि तेल या तुप से पैरों की मालिश करना कफ नाशकी है ।
एक सुनहरी चमक प्रदान करता है, त्वचा की रंगत को निखारता है, चमकदार बनाता है, मजबूत बनाता है, वसा-पसीने को कम करता है, और स्वादिष्ट होता है।

Our Product's

Model No.: KT02

Specifications:

- Lab tested 15.5 to 16 inch thali and 6 inch bowl
- Timer with counter.
- Good quality cushion for comfortable holding legs.
- 90 watt powerful motor.
- Texture on thali for wonderful massage.
- Acupressure dot's on bowl.
- Fitted with oil collection tray.
- Clockwise and anticlockwise movement.

Weight Of Thali: 1.8 to 1.9 kg (Only Thali)

Total Weight Of Machine: 25 kg

Warranty: One year for Motor and Timer Only.

Model No.: KT03
